

Superreel® - Industrial Reel

Power cord reel

For demanding environments. Superreel is proud to offer an industry-leading line of power cord reels. We feature a variety of colors, amps, and standards to fit a wide variety of needs.

Browse our heavy duty category for tough, industrial grade cord reels built to withstand extreme environments, Our high quality power cord reels meet applicable standards for Equipment, Carts and Industrial Applications.

If you don't see a standard power cord reel that fits your application, just let us know – we'll help you find the right power cord reel. We offer custom reels that can be tailored to your specs.

OUR CAPABILITIES

- Ultra-high pressure and high current, the highest pressure of gas and liquid up to 80-100MPA. Taking advantage of the National New Energy Policy, the maximum current of the DC charging reel can reach to 500A.
- Super-long. Spring-driven reels can handle hoses or cables up to 50 meters. Motor-driven reels' capacity up to 3000 meters.
- Engineering reciprocation. One of the few domestic manufacturers that can produce reciprocating hose reels and multi-line hydraulic reels.
- Smart reels with intelligent functions. Limit, feedback, measurement, remote control, APP control, adaptive control and other functions are used in our reels.
- Hose and cable combined reels. One reel can manage/ transmit media including acousto-optic signals, various gas-liquid media, etc, at the same time.
