

Superreel® - Industrial Reel

Vacuum hose reel

The vacuum hose reel facilitates the handling of long and heavy vacuum hoses, and provides tidy and safe storage when they are not in use.

Superreel vacuum hose reels provide industrial strength solutions designed to extract unwanted fumes, particles and by-products from your work area. Choose from vacuum only or our specialized vacuum/pneumatic models that have dual plumbing for vacuum extraction, while simultaneously powering pneumatic tools in an enclosed efficient system. Our robust vacuum reels are heavy duty and can handle low to high volume suction. By adding a vacuum hose reeling solution to your clean-up operations, you will undoubtedly increase ease and efficiency of getting in and out of jobs quickly.

Superreel vacuum reels are engineered and built for longevity; a durable & reliable solution. Efficiently deploy and retract your long length vacuum hose where and when you need it.

OUR CAPABILITIES

- Ultra-high pressure and high current, the highest pressure of gas and liquid up to 80-100MPA. Taking advantage of the National New Energy Policy, the maximum current of the DC charging reel can reach to 500A.
- Super-long. Spring-driven reels can handle hoses or cables up to 50 meters. Motor-driven reels' capacity up to 3000 meters.
- Engineering reciprocation. One of the few domestic manufacturers that can produce reciprocating hose reels and multi-line hydraulic reels.

Superreel® - Industrial Reel

- Smart reels with intelligent functions. Limit, feedback, measurement, remote control, APP control, adaptive control and other functions are used in our reels.
- Hose and cable combined reels. One reel can manage/ transmit media including acousto-optic signals, various gas-liquid media, etc, at the same time.
